---

Frontend engineer based in Córdoba, Argentina with a solid foundation in building product-centered and user-friendly web applications. Skilled in modern technologies and with a strong eagerness to learn and grow, I'm looking to challenge myself in environments where I can keep creating amazing dynamic experiences that live on the internet.

EXPERIENCE

Google, Argentina — Frontend Engineer

JULY, 2022 - AUGUST, 2024

- Built internal web applications that improved workflows across multiple teams.
- Collaborated with globally distributed specialists to deliver scalable solutions.
- Maintained and enhanced software implementations, providing guidance on best practices.
- Engineered dynamic instruments from a product-centered perspective.
- Led and supervised a team delivering deployment-ready tools for corporate use.
- Authored technical documentation to ensure maintainability and future tool adoption.
